Case Mat

THE FOUR PILES · show this many fingers on 3-2-1

1

A causes B

A really makes B happen, and A moves first.

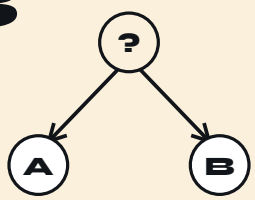

2

B causes A

B really makes A happen, and B moves first.

3

Hidden third thing

Something nobody charted makes both happen.

4

Luck

No link at all. The lines just happen to match.

THE FOUR QUESTIONS · ask them for every Case

1. Does A make B happen? Did A move first?
2. Does B make A happen? Did B move first?
3. Could something else, not on the chart, make both happen?
4. Is it just luck? Are there only a few points?

SURE COINS · put one here BEFORE 3-2-1 · right +4, wrong -1

Sure coin 1

Coin on the mat = double or lose a point.

Sure coin 2

Coin on the mat = double or lose a point.

SAY IT · one sentence, out loud, every Case

"I say _____ because _____ moved first / could be hiding behind both."

SCORE · my fingers, a ring on a Sure coin, and the points
