

A Hi, Bot Saturday in your space

For libraries, YMCAs, museums, and faith orgs · ages 8–16 · 90 minutes

AT A GLANCE — WHAT IT ASKS OF YOU

Your staff does	Nothing beyond unlocking the room. Hi, Bot brings trained, background-checked facilitators at a 1:6 mentor-to-builder ratio.
Space needed	One room with tables and chairs for up to 12 builders. No projector, Wi-Fi, or power tools required.
Noise & mess	Conversational buzz, no shouting. Dry materials (pasta, marshmallows, paper) — swept and reset in 10 minutes.
Setup / teardown	We arrive 30 minutes early and leave the room as we found it.
Insurance	Hi, Bot carries general liability coverage with your venue named as an insured party.
Families see	Branded check-in at your door, a demo circle they're invited into at the end, and your venue credited in every confirmation email.
Your cost	\$0. You earn a 30–40% revenue share on every enrollment sourced through your venue.

SAMPLE 90-MINUTE SATURDAY SESSION

When	Segment	What happens
0:00–0:10	Doors & warm-up	AI Arena game: The Predicting Parrot — kids guess the next word the way a language model does. No screens.
0:10–0:25	The spark	Facilitator demo: The Matchbox Mind — a machine made of matchboxes and beads that learns a game, showing how training actually works.
0:25–1:05	Build Studio block	Spaghetti and Marshmallow Towers — an engineering challenge run like an algorithm: build, test, measure, improve, repeat.
1:05–1:20	Demo circle	Every builder presents. Families arriving for pickup are pulled in as the audience.
1:20–1:30	Wrap & take-home	Kids leave with a printable challenge; parents leave with next month's date.

NEXT STEP Book a free demo workshop for your staff and ten families — the first step costs nothing. Start at hibot.space/contact?topic=partner
